**Sub: Provision of scholarship to engineering students**

Dear Riya Sharma,

Congratulations and Welcome to the Siemens Scholarship Program 2023-24.

**Siemens Scholarship Program**

In line with the Siemens Corporate Citizenship objective of promoting technical education, Siemens intends to provide Scholarship to meritorious less privileged students studying in government engineering colleges. Siemens aims to provide scholarship covering tuition fees and other expenses along with a training and development plan to make the Scholars' industry-ready.

Salient features of the scholarship:

- Annual scholarship comprises of:
  - Tuition Fees reimbursement (If the student is availing any other scholarship, then the balance amount would be reimbursed)
  - Additional allowance of Rs. 30,000/- on the basis of **Credits Linked Allowance System (CLAS)** (for books, stationeries, hostel, additional classes, etc)
  - Laptop (one time)
- Holistic development programs at Siemens

Your enrollment as a Scholar to the program is on the terms and conditions stipulated herein:

**Terms and Conditions**

1. The scholarship is subject to the Scholar meeting the criteria as mentioned in Annexure-I and upon submission of the documents accordingly.

2. Although the period of engineering is four years the scholarship is an annual and the Scholar will have to apply annually.
3. The Scholar would need to declare any other scholarship availed. The balance tuition fee amount, if any, will be reimbursed by Siemens.
4. At the time of signing the Siemens Scholarship, if the Scholars have applied for other scholarship but not yet received, Siemens would reimburse the total tuition fee. Once the scholarship from other sources is received, the Scholar must inform Siemens about the same. The scholarship amount for the next academic year, subject to student being eligible for next year, will be adjusted against the scholarship received from other sources.
5. **Credits Linked Allowance System (CLAS)** of Rs 30,000/- is linked to the **Credits** that you will **Earn** based on your performance and participation across all the developmental activities under the SSP for that year.
6. The student needs to procure a smartphone with 4G data connection. This is to participate in the development sessions and other engagements as the case may be under the Siemens Scholarship Program
7. The scholarship is also subject to us receiving a Certificate of Conduct from the College annually from second year onwards.
8. The scholarship received for this year does not automatically make the student eligible for scholarship for the remaining years of engineering.
9. Conditions because of which the student will be debarred forever from Scholarship program in future:
  - a. The scholarship for the next academic year is subject to scoring 1<sup>st</sup> class in the current year. No ATKT (Allowed To Keep Terms) or backlogs on Year-on-Year basis is permissible i.e. Scholars who are unsuccessful to pass in all the subjects at the end of a given academic year lose the scholarship.
  - b. Negative Conduct Certificate from the College.
  - c. Scholars who do not attend the holistic development program as per the development plan for this academic year as mentioned in Annexure-I
10. The scholarship is not transferrable and not negotiable.
11. Siemens is not responsible for any accidents, injuries met by the Scholar while travelling for trainings/ workshops or any other activity as per the requirement of the Scholarship program.
